

# 2016 Holiday Carrier Deadlines

Make sure your items reach those last-minute shoppers by Christmas and Hanukkah!

Buyers want to know their packages are going to ship promptly and arrive on or before the estimated delivery date—especially during the holidays.

Use these deadlines to ensure your items get to their destination by December 25. And offer [one-day or same-day handling](#) as often as you can to attract more buyers and deliver great customer service.
